GAME DEVELOPER AND PROGRAMMER

PROFESSIONAL SUMMARY

I am a BCA graduate in Game Development with a strong foundation in Unity 2D and 3D, gained through collaborative semester projects with college teams. I have actively Engaged in three Game Jams, refining my rapid prototyping and problem-solving skills, and attended IGDC Hyderabad to stay updated with industry trends. During my six-month tenure at Creaid Labs, I successfully developed and launched three 2D games, showcasing my ability to manage the complete game development lifecycle. My experience is backed by a passion for creating engaging, high-quality games and a commitment to continuous learning.
